

MOLECULAR AND CELL BIOLOGY MAJOR

Department of Integrative Biology and the College of Letters & Science

Molecular Biology 699: Directed Study Guidelines

Registration: To sign-up for a Molecular Biology 699 you must be declared in or intending to declare the Molecular and Cell Biology major. The student and faculty supervisor should agree on a project. The student will then prepare a brief description of the work planned and attach to this form. This brief description should explain a bit about the research lab and the project you are working on -highlighting the molecular/cellular aspects of your research. Email the description along with this form to mcb@biology.wisc.edu.

Registration: This form must be turned in by the add deadline for the semester in which you wish to register for the course to mcb@biology.wisc.edu. If approved by the Molecular and Cell Biology major, you will be notified of enrollment information for MOL BIOL 699.

STUDENT/PROJECT INFORMATION

Name: _____ Student ID: _____

Email: _____ Semester & Year: _____

Research Topic/Proposed Project Title: _____

* Attach a brief description of your proposed research topic/project to this form.

APPROVALS

Faculty Supervisor: I have reviewed the proposed research plan and agree to supervise the project for ____ credits. I understand that I am responsible for assigning a grade through e-grading at the end of the semester.

Name (please print): _____

Signature: _____ Date: _____
